

We rescued hundreds of animals. Can you rescue just one?

© 2016 ASPCA®. All rights reserved.

Last month, the ASPCA® assisted the Hoke County Sheriff's Office in removing nearly 700 dogs and cats from deplorable conditions.

Our top priority now is to help adoptable animals from this rescue find safe and loving homes of their own. **Is there room in your home and heart for one?**

The ASPCA will have experienced adoption counselors, as well as behavioral and veterinary experts, on-site during this three-day adoption event to answer questions about the animals, and to help you find a good match for your family. **This is a great chance to make a meaningful difference in their lives, and in your own.**

What to bring: Potential adopters should bring one government-issued photo ID (i.e. driver's license, passport, military ID or non-driver ID), proof of address, and an appropriately-sized pet transfer crate, if possible.

The ASPCA has provided all basic medical care, including spay/neuter surgeries and microchips, for all adopted pets.
